

Lost Person Behavior Train the Trainer Course

August 9 – 13, 2010

Blue Ridge School in St. George, Virginia

Become certified to instruct **Lost Person Behavior** based on the program developed by Robert Koester.

Join your peers for classroom & outdoor instruction in the Blue Ridge Mountains.

About the Course

The Lost Person Behavior Course has been taught to SAR professionals around the world and is currently used by the Virginia Department of Emergency Management's SAR program. Participants will attend the full Lost Person Behavior program, as well as receive in-depth instruction that goes above and beyond the actual course. Participants will walk away with new practical knowledge, a license to instruct the course, and a wealth of material: Lost Person Behavior Instructor's Resource DVD, *Lost Person Behavior* and *Urban Search* texts, and *Lost Person Behavior Workbook*.

The ideal student has both search and search management experience. The class will not devote much time to instructional techniques, thus the participant should feel comfortable instructing. While the goal is to produce instructors, anyone is welcome since the knowledge you gain could help save a life.

Course is limited to 24 participants.
